

At the frontiers of condensed matter VII

December 18 to 20, 2024 - Buenos Aires, Argentina

At the Frontiers of Condensed Matter VII - FCM2024

FIFTH CIRCULAR

This is the fifth circular of the workshop FCM2024 that will be held in Buenos Aires on December 18th-20th.

On this occasion, we would like to inform you that the abstract submission deadline and notification dates have been extended.

Reminder of important dates:

Early registration: 13th May - 21st October

Late registration: 22th October - 18th December

Abstract Submission: 1st July - 15th October

Notification of acceptance: 31st October

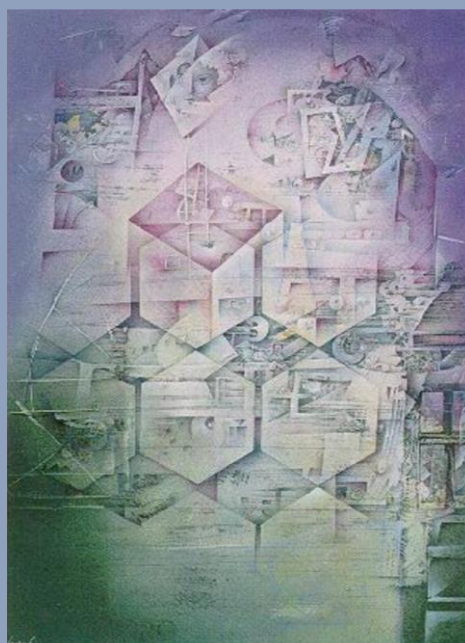

Registration website:

<https://www.argentina.gob.ar/cnea/frontiers-condensed-matter-vii/registration-fees>

For the abstract submission, please follow the instructions in the website:

<https://www.argentina.gob.ar/cnea/frontiers-condensed-matter-vii/abstract-guidelines-submission>

We also remind you of the XI Workshop on Novel Methods for Electronic Structure Calculations (XIWNMESC), which will take place virtually on December 16 and 17 prior to the FCM. This event will feature presentations by renowned speakers on topics closely related to the FCM. The FCM organization plans to allow attendees to watch the oral presentations from the Emma Perez Ferreira auditorium.

Carlos Agüero. 1990.
La Herencia: gloriosos sueños - la gloria terrestre.
Water-based painting.
